"It gives me great pleasure to throw my full support behind your bid to succeed Morton E. O'Ryan as mayor of the city of Willoughby Hills.

I believe your background and experience in the community will make you a worthy successor to Mayor O'Ryan. So please accept my endorsement to become the next mayor of Willoughby Hills."

"Government at all levels throughout the United States are experiencing severe budgetary pressures and constraints. Having a person in an elective position with knowledge of government accounting and budgeting is a real asset in helping communities maximize services to the residents with scarce resources.

Kenneth Lorenz has over 16 years of experience. Ken's other two candidates have no elected experience. I am endorsing Kenneth Lorenz and urge you to vote for Ken."
